SpillSmart Absorbents

Absorbent Pads, Rolls and Pillows

SpillSmart Absorbent Poly Pads and Rolls are available in General Purpose, Oil-Only and HazChem varieties.

These products are used in a variety of situations. The General Purpose pads and rolls are best for the absorption of non-aggressive fluids such as oil, water, glycols etc. Our Oil-Only pads and rolls are ideal for skimming oil off water, wiping down greasy tools and machine parts and our HazChem varieties are specifically designed for laboratory situations for the absorption of hazardous chemicals including acids and many other caustic fluids.

ES-PP-400-P	SpillSmart Poly Pads - Oil Only
ES-PPHAZ-400-P	SpillSmart Poly Pads - Hazchem
ES-PPGP-400-P	SpillSmart Poly Pads - General Purpose
ES-PP-R44	SpillSmart Poly Roll - Oil Only
ES-PPHAZ-R44	SpillSmart Poly Roll - Hazchem
ES-PPGP-R44	SpillSmart Poly Roll - General Purpose
ES-P-POLY	SpillSmart Poly Pillows - Oil Only
ES-P-HAZ-A	SpillSmart Poly Pillows - Hazchem
ES-P-GP	SpillSmart Poly Pillows - General Purpose

Socks and Booms

SpillSmart Socks are available in General Purpose, Oil Only and Hazchem varieties. Socks are cylindrical in shape and are used to barricade runaway fluids or catch constant leaks around the base of heavy machinery. Also useful for barricading entrances, line walkways, and protecting drains. They are also used as a first response for spill emergencies. Booms absorb and contain oil spills on water. Sections are linked together, forming a barrier.

ES-SPAO-75-1.2	Poly Socks - Oil Only 1.2m
ES-SPHZ-75-1.2	Poly Socks - Hazchem 1.2m
ES-SOGP-75-1.2	Poly Socks - Gen Purpose 1.2m

ES-SPAO-75-3	Poly Socks - Oil Only 3m
ES-SPHZ-75-3	Poly Socks - Hazchem 3m
ES-SOGP-75-3	Poly Socks - Gen Purpose 3m

ES-PBSS-125-3

Poly Boom - Oil Only 3m

general
purpose

Designed for non-aggressive fluids such as oil, water, glycols and oil and water based non aggressive liquids for applications on land.

oil only

For absorbing & containing oils and fuels only. Will repel water so great for spills on water. Also useful for wiping down greasy tools and machine parts.

hazchem

Specifically designed for the absorption of hazardous chemicals including acids and many other caustic fluids.

ES-A-AP-15

All Purpose Absorbent

All Purpose Absorbent is the cost effective, quick acting and natural way to convert potentially harmful liquid pollutants into solids for easy disposal.

An inert mineral-based absorbent, it rapidly encapsulates liquids, and can safely be used on strong acid or alkaline solutions, petroleum and hydrocarbons, oils, solvents, sewage, protein-based fluids in domestic, commercial and industrial situations.

ES-A-FS-10

SpillSmart FloorSweep

SpillSmart FloorSweep is an organic cellulose absorbent that contains highly effective microbes to 'digest' oils and hydrocarbons, converting them to nutritious soil conditioner.

Fully biodegradable, quick acting, safe to use in domestic, commercial and industrial situations.

ES-A-HAZ-35

SpillSmart HazSorb

SpillSmart HazSorb is a vermiculite product designed to be used in Hazchem spills. It is a cost effective, non toxic, inert alternative to cellulose (reactive to many chemicals) and a more easily manageable and effective absorbent than regular kitty litter and zeolite style absorbents.

ES-A-RS-12

SpillSmart RoadSpill

SpillSmart RoadSpill's biodegradable organic cellulose materials with mineral grit absorb and encapsulate oils, hydrocarbons and other contaminants, leaving paved surfaces dry and reducing slippage.

Biohazard Body Fluid Absorbents

BioSmart BioHazard Economy Body Fluid Absorbent

(Perlite Based with added Odour Control)

- Produced from Perlite, a natural, non-toxic mineral.
- Absorbs, deodorises, and solidifies spills for easy removal.
- Added odour control
- Available in a range of sizes
- For the clean-up of urine, blood, vomit, faeces and saliva.

ES-SK-E500	500ml Satchel
ES-SK-E750	750ml Jar
ES-SK-E5L	5L Jug
ES-SK-E20L	20L Pail

BioSmart Biohazard Premium Absorbent Powder

(Including Zeolite with added Odour Control)

- Produced from Zeolite, a naturally occurring non-toxic inert mineral.
- Absorbs moisture and odours whilst thickening the spill for a manageable clean-up.
- Added odour control
- Available in a range of sizes for separate sale
- For the clean-up of urine, blood, vomit, faeces and saliva. Can also be used to clean-up cooking oils, food spills, detergents and chemicals.

ES-SK-P250	250g Satchel
ES-SK-P500	500g Jar
ES-SK-P3.5	3.5kg Jug
ES-SK-P14	14kg Pail

Biohazard Cytotoxic Spill Kits are designed to contain, clean-up and dispose of hazardous substances that may pose a risk to human health and the environment. These substances are often used in the medical and research fields, and can pose a significant danger if spilled. Cytotoxins are chemicals that are toxic to cells, and can cause damage to the skin, eyes, and respiratory system if not handled properly.

BioSmart Biohazard Spill Kit Range

BioSmart Economy Biohazard Spill Kits are a cost effective first response spill kit for fast and safe cleaning and removal of urine, vomit, blood, saliva and faeces. These spills need to be handled properly. To assist you, we provide Clear Directions and Personal Protective Equipment for your safety together with our Perlite based BioSmart Economy Body Fluid Absorbent.

ES-SK-BIO-E BioSmart BioHazard Economy Spill Kit

BioSmart Premium BioHazard Spill Kits are your first response for fast and safe cleaning and removal of urine, vomit, blood, saliva and faeces. These spills need to be handled properly. To assist you, we provide Clear Directions, Personal Protective Equipment, pH Neutral Detergent, Absorbent Cloths, Clinical Waste Bags, Disinfectant Wipes together with BioSmart Premium Absorbent containing Zeolite for a thorough clean-up.

ES-SK-BIO-P BioSmart BioHazard Premium Spill Kit

BioSmart Multi-Use Biohazard Spill Kits contain premium quality components contained in a heavy duty PVC bag offering multiple applications or for locations with larger spills. The kit provides Clear Directions, Personal Protective equipment, pH Neutral Detergent, Absorbent Cloths, Clinical Waste Bags, Disinfectant Wipes together with two 500g Jars of BioSmart Premium Absorbent containing Zeolite for a thorough clean up.

ES-SK-BIO-BHM BioSmart BioHazard Multi-Use Spill Kit

ES-SK-BIO-BHM-R BioSmart BioHazard Multi-Use Spill Kit Refill

SpillSmart Containment

Spillbunds

Lightweight and easy to clean, SpillSmart Spillbunds provide spill containment in applications where hydrocarbons or potentially hazardous chemicals/liquids are stored. The flexible side walls allow for simple delivery of liquid storage drums. Made from a strong, chemically resistant and UV stable polymer coated fabric.

Lightweight and portable

- ES-B-SB-PVC 900gsm PVC Version
- ES-B-SB-ELV Heavy Duty Elvaloy Fabric
- ES-B-SB-PLY Polypropylene Version

Collapsible Bunds

SpillSmart lightweight collapsible bunding provides temporary storage of hazardous chemicals and liquids where vehicle access is required. The walls easily collapse and re-erect, and it's easy to transport, store and clean.

Easy to erect, pack-down, store & transport

- ES-B-CB-PVC 900gsm PVC Version
- ES-B-CB-ELV Heavy Duty Elvaloy Fabric
- ES-B-CB-PLY Polypropylene Version

Rigid Bunds

Available in hard wearing, chemical resistant and UV stable polymer coated fabric, and heavy duty PVC or FTL30 for heavier use, SpillSmart reusable Rigid Bunds are a cost-effective solution for temporary storage of liquids, especially where floor space is limited.

- ES-B-RB-PVC 900gsm PVC Version
- ES-B-RB-ELV Heavy Duty Elvaloy Fabric
- ES-B-RB-PLY Polypropylene Version

SpillSmart SpillPlug

Save spill clean up costs by the immediate repair of the leak source.

SpillSmart SpillPlug is a non-toxic, malleable material that adheres to wet and dirty surfaces, even while fluid is still running... and it seals instantly! It works with a wide range of chemicals including solvents, gasoline and diesel.

Aluminium Bunding

SpillSmart Aluminium Floor Bunding is a robust, permanent solution for providing hazardous liquid containment in high traffic areas.

As a non-sparking, non-magnetic product, it is the ideal choice for use around flammable liquids and vapours.

Exclusive Smooth Transition Function (STF) Technology

ES-B-FB-A

See it in Action!

Drive Over Bunding

SpillSmart Drive Over Bunding is designed for the containment of accidental spills or leaks of non-aggressive liquids.

The design provides for flexibility whilst retaining the bund shape, providing easy access for trucks and forklifts where required.

ES-B-FB-FK

Supplied as a self-install kit.

NOTE: Aluminium strips not included

Gel-Filled Drain Cover

The SpillSmart Gel Filled Drain Cover is highly resistant to many liquids and creates a seal by the activation of specially designed polymer powder that activate with water. The expanding powder converts to a gel like mass in the seal pocket easily moulding to uneven surfaces when pressed into place around the drain opening.

ES-DC-900-GEL 900x900mm
ES-DC-1200-GEL 1200x1200mm
CUSTOM Custom Size

Drain Seals

Prevent accidental spills entering drains, grates or manholes by protecting them with a SpillSmart Drain Seal. Easy to use in emergencies, just place the Drain Seal directly over the drain. It is reusable and cleans easily with soap and water.

ES-DS-450-5 450 x 450 x 5mm
ES-DS-600-5 600 x 600 x 5mm
ES-DS-900-5 900 x 900 x 5mm
ES-DS-1200-5 1200 x 1200 x 5mm

Supplied in a heavy duty PVC bag for safe storage

SpillSmart Drain Warden

SpillSmart Drain Wardens are a highly effective storm water drain insert, filtering sediment and rubbish from storm water runoff. Simple to install, it is suspended from the drain grate. Runoff is filtered through polypropylene geotextile material and an absorbent sock removes free floating oils.

ES-DW-600 600 x 600mm - 300mm Basin
ES-DW-900 900 x 900mm - 450mm Basin
ES-DW-1200 1200 x 1200mm - 600mm Basin
ES-DW-2400 2400 x 1200mm - 600mm Basin

Drain Warden Installation

FloodSmart Flood Pillow

The FloodSmart Flood Pillow performs like a sand bag or similar products, without the sand. Made from a sturdy Geotextile fabric, the Flood Pillow contains a highly absorbent polymer that activates when exposed to fresh water.

ES-FC-PILLOW

FloodSmart Pillow
30cm x 60cm

SpillSmart Bunded Spill Pallets and Covers

SpillSmart 2 Drum Bundled Spill Pallet

The 2 Drum Bundled Spill Pallet is a nestable design allowing multiple pallets to be shipped, stored and can be easily moved with a pallet jack or forklift. Spill Capacity 150L

ES-PB-2D

SpillSmart 4 Drum Bundled Spill Pallet

SpillSmart 4 Drum Bundled Spill Pallets are built for heavy loads and convenient handling. Spill Capacity 250L.

ES-PB-4D

SpillSmart Single & Double IBC Bundled Spill Pallets

Built tough for Australian conditions, these IBC Bundled Spill Pallets provide an economical solution for your IBC spill protection.

ES-PB-IBC Single IBC Bundled Spill Pallet
ES-PB-2IBC Double IBC Bundled Spill Pallet

SpillSmart Drum Cover Pads

SpillSmart Drum Cover Pads have been designed to rapidly absorb pump, dispensing and overspray messes. While keeping your drum tops in 'Tip Top' condition, these pads will assist to prevent drips and spills from hitting the floor whilst decanting liquids and remove the need to keep messy rags on hand.

SpillSmart Silt and Marine Containment

Oil/Water Separators

The Domino VGS is an oil/water separator developed to effectively remove free oil, grease and suspended solids from wastewater.

The Domino VGS is the perfect solution for applications such as Vehicle wash Downs, Automotive & Industrial Workshops, Fuel storage depots, Gas stations, Restaurants, Power stations, Refineries and Marinas.

Acclaimed by major water authorities around the world as "the best technology of its kind", the Domino VGS can be used as a stand-alone separator or to supplement the performance of existing systems.

Did You Know?

At Everything Water, we specialize in designing and building Truck & Car Wash down facilities to suit your needs. You find the site, we'll do the rest.

From coordinating the architects, hydraulic consultants, equipment manufacturers etc through to commissioning and testing of all the installed equipment, we do it all for you.

Trouble free Ownership: Low maintenance, low running costs and quality equipment which requires minimal maintenance.

Containment Booms

A temporary floating barrier used to contain an oil spill on water.

Weed Booms

Designed to catch and control rubbish, pollution and aquatic plants through either exclusion or containment.

Trash Booms

Floating containment booms containing rubbish and weeds in waterways.

Silt Curtains

Used to control the silt and sediment in a body of water. Ideal for use in marine construction and dredging
