

Cleaning up Bodily Fluids needs to happen fast. It's not only unpleasant, but harmful or potentially harmful to humans and other living creatures. No one can afford to risk the spread of viruses, bacteria and disease when accidents happen.

BioSmart Economy Biohazard Spill Kits are a cost effective first response spill kit for fast and safe cleaning and removal of urine, vomit, blood, saliva and faeces. These spills need to be handled properly. To assist you, we provide Clear Directions and Personal Protective Equipment for your safety together with our Perlite based BioSmart Economy Body Fluid Absorbent.

These compact kits can be easily carried in vehicles and make a valuable addition to your First Aid Kit.
