

# EnviroWash

## GENERAL PURPOSE

Australian Made EnviroWash GP combines natural, biodegradable surfactants into one super-concentrate for every cleaning job. Organic and totally biodegradable, this water-soluble solution breaks down oils, fats and greases leaving no slippery film and is approved for food service areas. Its economical - suitable for an almost endless list of cleaning applications, safe for humans and safe for our environment.

EnviroWash GP is supplied in 5litre to bulk 1000litre quantities in the form of a super concentrate. Please contact your local EnviroSmart distributor for further information.
