

SpillSmart Spill Kit Covers have been designed to fit both 240L and 120L size Spill Kit Wheelie Bins. They are available in a range of colours and are easy to fit and secure into place with a industrial Velcro strap. Eyelets are also provided for fitting optional tamper-evident seals for security.

Made from a Heavy Duty, chemically resistant and UV stable PVC fabric, they are the ideal solution to protect your bins from weather or mistakenly being used as a waste bin.

Designed for:

- Providing weather protection from the elements for wheelie bin spill kits
- Preventing the spill kit bins from being used as waste bins
- Service stations
- Transport depots
- Where wheelie bin spill kits are positioned outdoor

Features:

- Quick and easy to fit and remove
- Heavy Duty UV stable, weather resistant fabric
- Available in a range of colours
- Secures in place with simple to use Velcro strap
- Eyelets provided for optional tamper-evident seals for added security
- Australian Made
