

EnviroSmart carry a large range of Wheelie Bins in a great variety of colours and sizes.

They are strong, robust and built to last. All bins are resistant to UV decay, frost, heat and chemicals. Axels are corrosion resistant and the solid rubber wheels assist with noise reduction. SpillSmart Wheelie Bins are versatile, safe and easy to manoeuvre. Parts and components are also available.

Our standard sizes are 120L and 240L

Designed for:

- Mobile Storage for SpillSmart range of 120L & 240L Spill Kits
- Mobile collection vessel for spill response
- In house waste and recycling collection

Features:

- Resistant to U.V. decay, frost heat & chemicals
- Corrosion resistant axles
- Solid wheels assist with noise reduction
- Easy to manoeuvre
